# Key Features

- **One Size Fits All:** This modular solution with adjustable length can be adapted to suit most doors. We've made it easy for you with 16 possible cylinder dimensions in total.
- **Key Function:** The door can still be locked and unlocked from the outside, even if there's a key inserted on the indoor keyhole of the cylinder (when the compatible EZVIZ Smart Lock is installed on the door from the inside).
- **Easy to Install:** A modern cylinder that's straightforward to install. Users need an average of about 10 minutes to install it on a new door or to replace an existing cylinder.
- **EN1303 Certified Security:** A modern cylinder that's straightforward to install. Users need an average of about 10 minutes to install it on a new door or to replace an existing cylinder.
- **Strong & Sturdy:** With a high-quality Brass body and Zinc Alloy extensions, it's strong and durable by design to prevent forced openings, master key access, and more.
- **3 Keys Included:** Each purchase includes 3 keys for family use.
